

CODE OF CONDUCT OF GREEN GLOBAL FUTURE

This Code of Conduct applies to all employees and board members (hereafter EBMs) of Green Global Future (GGF).

All EBMs of GGF must comply with and protect the rules of GGFs Code of Conduct, work to create a secure and caring environment, and be respectful, responsible, transparent, and ethical in all activities. This includes eliminating improper behaviour such as harassment and bullying, respect each other's integrity, dignity, and privacy, and behave in a just manor.

Anti-Bribery and Corruption (ABC):

GGF has a zero tolerance of corruption and bribery in any form, and all EBMs must show a high degree of integrity and work ethics in all activities of GGF. The value of any gift (received or given) must be below locally defined triviality limits. GGF is an open and honest organisation that follows the Danish Criminal Code and the United Nations' Global Compacts principle on anti-corruption. If an employee or board member acts against the ABC policy of GGF, the person will be excluded and reported to the authorities.

Fraud, Money-Laundering, and Embezzlement (FMLE):

GGF does not tolerate FMLE in any way. EBMs must refrain from any misconduct and doing any business with persons or companies that do not live up to the FMLE of GGF. GGF follows the Danish Criminal Code. If an employee or board member acts against the FMLE policy of GGF, the person will be excluded and reported to the authorities.

Data protection:

Personal data and confidential information must be stored securely in accordance with laws and regulations (GDPR), be treated respectfully, and must only be used for specific and legitimate business purposes.

Discrimination and human rights:

EBMs must not discriminate in any way and must try to increase inclusion and diversity. EBMs must respect internationally recognised human rights and avoid infringing human rights.
